

Micro-Vac USB

USB-Powered Vacuum Cleaner

TO USE: Simply connect the vacuum cleaner to the USB port of your car or computer.

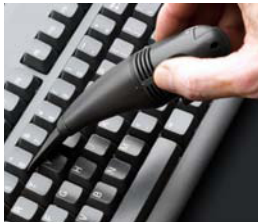

Two Switch Positions:
Slide the switch to the first level to turn on the LED light. Slide the switch to second level to turn on the vacuum cleaner.

Press the "High Power Button" to increase the suction power, for vacuuming heavier dirt and dust.

Use the Flexible Rubber Nozzle to vacuum dust and other particles trapped underneath keyboard keys.

Use the Bristle Brush Nozzle for general cleaning of air vents, monitor and other computer areas.

To empty, twist unit apart at point above motor vents.

CAUTION:

1. TO KEEP THE POWER WITHIN USB LIMITS (500MA) DURING MOTOR START UP, DO NOT PRESS THE HIGH POWER BUTTON WHILE THE VACUUM MOTOR IS BEING SWITCHED ON.
2. DO NOT IMMERSE IN WATER OR USE TO VACUUM WATER.
3. UNPLUG FROM USB PORT WHEN UNIT IS NOT IN USE.
